Learn More About Your Trolling Motor
Honda Leading Four Stroke Revolution
Finding a PFD Your Little Ones Will Love

Display until July 31, 1998

\$3.95 U.S./\$5.50 Canadian

Goofin' Around

In addition to representatives from large-scale pontoon manufacturing companies attending our 1998 PDB Shootout, we also had the pleasure of visiting with Malcolm Sohм of Conrad Marine. Known more among his cohorts as "Goofy," Sohм was a rather unorthodox participant in the event

as he has invested a fair amount of his own personal resources to present his 26-foot, GS2626 custom pontoon equipped with "Invisible Touch" hydraulic power steering—appropriately called Just Goofin'.

Goofy is a charismatic character whose business is based out of Oshkosh, Wis., where he is working on a new type of log design specifically for use in rough water. This year he was accompanied by his camcorder-clad partener, Terry Riter. He did the driving, she did the filming.

His presence and ideas added a diverse flavor to the shootout. If your interested to talk shop or just shoot the breeze, Sohм can be reached at 920-688-3166.
